Date:

Dear Parents and Guardians,

I am writing this note to inform you of an activity taking place in your child's classroom on _____
(date).

Your child has the opportunity to participate in conversations and activities around the prevention of gun violence. Currently, in the United States alone, 90 people a day die as a result of gun violence.

We will focus on awareness, safety and solutions in the areas of bullying and isolation. We will have a culminating activity where every child will make their own statement panel for a Vision Quilt, their "vision" for a world without gun violence.

The Vision Quilt is a national project organizing opportunities that encourage creative and artistic expression around the prevention of gun violence. This safe and inviting format helps to cultivate compassionate awareness, resourcefulness and dialogue in community settings. When students combine and display their panels as a group "Quilt" their involvement encourages action. We want your child to have that sense of empowerment to make a difference.

Please consider visiting the website: www.visionquilt.org for both your own information and to support your child's discussion and involvement around the important topic of preventing gun violence.

Please contact me if you have any questions or concerns about your child's participation in this project.

Sincerely,
(teacher/principal's name)
